COMPANY OVERVIEW

- **SBA Certified Service-Disabled Veteran Owned Small Business (SDVOSB)**
- Cybersecurity Maturity Model Certification (CMMC) Self Assessment Level 2
- Owner/CEO: Matt Greene, USAF-retired and licensed Civil Engineer
- Founded in 2017 to tackle two societal challenges:
  1) Skilled trade labor shortage (>2M by 2030)
  2) Transitioning military veterans (200K/year per GAO, Jun 2019)

CORE COMPETENCIES

Small Project Delivery – Specialized execution for projects between $250K and $5M where speed, control, and accountability matter
Design Build Construction – Planning, design coordination, preconstruction support, cost estimating, and construction execution
Multi-Trade – Multi-trade coordination and self-performance
Occupied Facility – Experienced with phased performance to minimize disruption for continual operations.
Compliance – FAR/DFAR, QC, and safety compliant (OSHA/EM385)
Geography – Pikes Peak Front Range focused; deployment capable

DIFFERENTIATORS

Veteran Staffed: Hiring preference, training, and career counseling for military veterans with a mission-focused culture, discipline, and teamwork.
Base Access Ready: Familiar with strict federal facility security protocols.
Safety Excellence: Zero lost-time incidents over the past 8 years.
Security Clearance: Cleared personnel for work in restricted areas.
Rapid Mobilization: For select projects, equipment and crews can rapidly deploy to the Pikes Peak Front Range regional military installations or beyond.

NAICS CODES
